Rates as low as **1.99%** APR\*

[curich.org/car-loans](http://curich.org/car-loans)

\*APR is Annual Percentage Rate. The Annual Percentage Rate is the advertised rate and can vary based on creditworthiness, age of vehicle and terms of the loan. Your rate can be higher or lower depending on credit performance. Financing up to the retail value of the auto is available. The rate on a new/used vehicle could be as low as 1.99%. Rate is subject to change without notice. Auto loans currently financed through the credit union cannot be refinanced with this offer. Payment example: \$20,000 financed for 42 months would make the monthly payment \$494.
